Rocket Engine Testing Planned For Facility

HONOR of the anniversary of the incorporation of the City of Bay St. Louis, Don Presley, public relations official for South Central Bell Telephone Company presents a cake to the Mayor and City Commissioners. The cake depicts scenes of St. Stanislaus, the Bay-Waveland Club and the Bay Bridge. The dates on the cake, 1875-1971, commemorate the incorporation of the City on March 2, 1875. From left to right, Commissioner William Frisbie, Mayor Warren Carver and Commissioner Andre Arceneaux.

(Echo Staff Photo by Martileen Maher)

Petition Asks Rescission Of Livestock Law

A petition containing over 750 names was presented to the Mayor and City Commissioners of Bay St. Louis asking that the city administration rescind Section 5-4, Chapter 5 of the City Ordinances. The ordinance states:

"It shall be unlawful for any person to keep or allow or permit to be kept any livestock or fowl on such person's property within the city."

Indications are the petition is a strong one. Many signers wish to keep pets such as ponies, horses in their yards. Currently the commissioners have the request under study and are hopeful of working out a compromise permitting pets to be kept within the city limits in cases where they are not a nuisance to their neighbors.

Objections to the keeping of pets such as ponies and horses within the city limits have been they create breeding places for flies and cause objectionable odors. Nuisance ordinances enforced in neighboring communities are under consideration. No decision has been reached at this point, it was said.

NOMINEES LISTED

Michelle Hasney, daughter of Mr. and Mrs. Earl Hasney, and Alan Garcia, son of Mr. and Mrs. Gordon Garcia, will represent Waveland School as nominees for the two Gulf Coast delegates at the Children's International Summer Village in Guatemala. Michelle is in the fifth grade and Alan is in the sixth.

SOFTBALL LEAGUE

Waveland Women's Softball League met Saturday, February 27 and elected officers. Anyone interested in joining the league is asked to come to a meeting March 6 at 2 p.m. at 196 Vacation Lane in Waveland.

RETIRED PERSONS

Gulport Chapter 4569 of the American Association of Retired Persons will meet in the Auditorium of the Mississippi Power Company, Highway 90 and 30th Ave., Gulport, on Monday, March 8th, at 8:30 a.m.

High Water Bill May Mean Leak In Pipes

Commissioner William Frisbie in a recent interview told a Sea Coast Echo reporter there were many complaints being made by local citizens who felt their water bills were too high. The commissioner said whenever a complaint was received someone went out to check the meter. "Usually," Commissioner Frisbie said, "there is no change in the billing. The commissioner said the Neptune Meter Company had a relatively accurate gauge showing how a small hole in a water pipe could cause a surprising consumption of water. Other ways in which water consumption increases is when there are dripping or leaking faucets on the premises, and often there will be trouble in the tanks of the toilet. When a flush-ball does not seal itself properly a small leak could continue unchecked, increasing water usage appreciably, the commissioner said.

In any of these circumstances, the commissioner said, a water hole in a pipe as large as a pin-point could cause leakage of 170 gallons of water in a 24 hour period. Multiply that by 30 days and you have a loss of over 5,000 gallons of water. This figure was based on water under 80 pounds of pressure. Water pressure in the City of Bay St. Louis is greater, it was said.

Policeman Resigns

The resignation of Eric Neacoe from the Bay St. Louis City police force was accepted by the Mayor and City Commissioners at their Monday morning meeting. Officer Neacoe, who has been on the police force for about six years, resigned to take a position on security guard for the Hancock General Hospital.

RESOLUTION

ON

LAW-ENFORCEMENT

We, the undersigned clergymen of Bay St. Louis, Mississippi and Hancock County, wish to make the following statement without censure to any of our law enforcement officials or agencies:

1. We are especially concerned about recent reports of book-making in our community. We have strong convictions that this form of commercial and professional gambling is usually the basis of and, in time, lead to organized crime in any area.
2. We wish to express our appreciation to our citizens and officials who have sought to eliminate this serious potential danger to the peace and well being of our community.
3. We emphatically urge our elected law enforcement officials to always be alert to the apprehension and elimination of this form of crime in our city and county.
4. We now pledge to those whose responsibility it is to enforce the laws our whole-hearted support in this worthy objective.
5. Our prayer is that all our citizens will honor Jesus Christ as our Lord and seek to please Him in all areas of life!

Sincerely yours,

CHARLES R. JOHNSON, Episcopal Church
DWAYN M. MOUNGER, Presbyterian Church
PERRY D. NEAL, First Baptist Church, Bay St. Louis
R. B. WALTON, Main Street United Methodist Church
LEONARD J. OLIVER, S.D.,
O. PARKER, Mount Chapel Baptist Church
CHARLES GILES, Valena C. Jones United Methodist
BILLY MURPHY, Lakeside Baptist Church
JOE DAVIS, First Baptist, Waveland

Health Board Asks End To Bay Oystering

The Mississippi State Board of Health has recommended the restriction for the harvesting of oysters in all waters of the Bay of Saint Louis north of the Highway 60 bridge. This, along with other recommendations were made in a letter addressed to the Mississippi Marine Conservation Commission by J. D. Brown, director of sanitary engineering for the State Board of Health. Brown stated: "Since there has been reported to be very little, if any, commercial size oysters in the Bay of Saint Louis, I feel that a better alternative would be to reclassify the entire bay north of Highway 60 bridge as restricted."

Aware of the growing bacteria count and pollution hazard, the county sanitarians are working closely with those officials charged with the responsibility of enforcing subdivision regulations in Hancock County. The regulations, adopted several years ago, require all subdivisions to provide a central sewerage system for the disposal of waste, Septic tanks installed in low-lying areas such as Shoreline Park, Bayview Park, Garden Island Subdivision, Springwood Park, and several other newer subdivisions are unacceptable said Wayne Alliston of the Hancock County Sanitation Board. The Hancock County Planning Commission, created to make a study of subdivision plans is dedicated to the task of recommending to the Board of Supervisors the filing for subdivisions only after subdivision regulations are met.

The Mississippi Air and Water Pollution Control Commission of which Glen Wood, Jr. is executive secretary, points out that State Controls are getting tighter every day. Poor quality water supply is said to be beyond from use by laboratory workers, health officials are also watching the Gulfport water supply.

Joint Sewerage Plant Planned

Mayors Garfield Lodner of Waveland and Warren Carver of Bay St. Louis plan to spend March 16 in Atlanta where they will try to secure funds for a joint (regional system) covering treatment plant. The announcement was made on Tuesday at a meeting of the Mayor and City Commissioners.

Other business of the day included a resolution by the Mayor and Commissioners to extend the Southern Standard Building Code of 1959, the National electric code and the Southern Standard Plumbing code to November 1, 1971. The Standard Code resolution is currently being re-worked for proper form and will be presented for a vote in the near future.

Selection of the Mississippi Test Facility for the site for shuttle rocket engine testing as announced early this week by Congressman William Colmer and Senators James O. Eastland and John Stennis assures Hancock County an added income to help pull the area out of the post-hurricane slump.

The National Aeronautics and Space Administration expects to use the facility to test rocket engines for the proposed space shuttle program. Other sites evaluated prior to the final selection were Edwards Air Force Base in California; White Sands, New Mexico; and Marshall Space Flight Center in Huntsville, Alabama. Members of the Hancock County Board of Supervisors have made numerous trips to Washington, according to the board's president, Russell Elliott, urging the selection of the MTF. "Our economy is based on a minimum of 1,500 jobs at the facility," Elliott explained. At its peak the \$380 million facility has a payroll count of 6,000. Following the cut-back of the space program the employment fell to 1,500 and predictions were it would drop to a maintenance force of about 350 by April.

Elliott said about 2,000 of the people in Hancock County were either unemployed or under-employed and the announcement coming from Washington was a definite possibility of the facility being awarded for a launch site for the shuttle.

VOLUNTEERS MEETING

The regular meeting of the East Hancock Volunteer Fire Department will be held on March 5 at 7:30 p.m. in the Fire House of Bayou de l'Enfer. Members are urged to attend this very important business meeting.

LEGION AUXILIARY

American Legion Auxiliary will meet at 8 p.m., Monday, March 8, at the American Legion Home.

All members are asked to attend.

Bay Buys Odorizer

The City of Bay St. Louis just spent \$3175, for a scent. That's the price of a new odorizer unit that the city recently installed in the gas system. The primary constituents of natural gas are odorless so as a safety factor, the odor has to be added as the gas is piped into the system.

The "added" odor serves as a detection agent so that leaks can be found and repaired before dangerous concentrations accumulate. Adding odor is an economical factor as well, for if the leak is in the main line or the city side of the meter, the city loses money. If it's on the consumer's side of the meter, the consumer is paying for more than he's getting.

The purchase of a new odorizer unit had been under consideration as the four-inch high pressure line which carried the gas from the city to the meter, had never been checked. Also the old unit serving the distribution system was found to be malfunctioning. The new unit now serves the entire system.

A sharp increase in customer complaints of gas leaks has alerted the fact that the unit in supplying odorant is significant quality to the gas system.

DAY OF PRAYER

Main Street United Methodist Church is participating in a worldwide observance of the World Day of Prayer. Their observance will be open Friday March 5, from 10 a.m. to 5 p.m. for all those who would like to come in for personal devotion. Quiet music and devotional material will be provided.

ington on Monday was expected to mean added employment of 650 on the space shuttle program within the next two years. Officials said the projected employment figure would include some 600 NASA employees with an additional 50 contractors to manufacture the space engine. A firm to manufacture the shuttle will be named in mid-1972, it was said, and after that a rapid buildup of personnel will follow.

NASA recently announced an awarded contract for \$250,000 to provide scientific and technical support services for the Earth Resources Laboratory now located at MTF. The award went to Lockheed Electronics Co., Inc. of Houston, Texas.

Lockheed will assist the laboratory in developing applications for information acquired from Comin and Apollo missions, aircraft and ground stations as well as data to be obtained from future programs such as Earth Resources technology satellites. Approximately 55 Lockheed engineers and scientists will be assigned to the program, according to the general manager for Lockheed in Houston.

Perry Malone, public information officer at MTF said there is a definite possibility of the facility being awarded for a launch site for the shuttle. Malone explained because of its geographic location MTF has the capability of launching shuttle vehicles into either polar or equatorial orbits while existing space facilities were more restricted in capabilities.

NASA's major setback last year was a financial blow to Hancock County and the revitalization program gives hope that employment may reach 2,000 over a number of years in that project. The program will not be on the Apollo moon rocket scale, explained Senator Stennis, however, he said it would be a "significant" program.

In a message sent to the Sea Coast Echo, Congressman Colmer said: "HRTF has been selected as a site for shuttle testing of the rocket engines to power the space shuttle. The space shuttle engine will be a roughly, high performance, high chamber pressure, liquid hydrogen-liquid oxygen engine. In the first stage of booster of the shuttle the engine will be slightly larger in size than the J-2 engine which powered the upper stages of the Saturn V, used to launch Apollo missions to the moon. It will develop a thrust of 550,000 pounds as compared to the J-2's 225,000 pounds. The engine for the shuttle's orbit stage will be similar to the first engine except that it will have an extendable nozzle that for space use."

Arrested For Attempted Burglary

Two Black men were arrested Monday afternoon by the Hancock Sheriff's Office on suspicion of the attempted burglary of Dr. Manuliza's Drugstore on Main Street in Bay St. Louis. According to Sheriff Fred Carver, the men allegedly attempted to enter the drugstore late Sunday night but were unsuccessful.

Carver identified the men as Bruce Phelps, 24, and Curtis McCarter, 65. Phelps has been released on \$1,000 bond and McCarter on \$500 bond.

A 1969 Cadillac driven by the two has been turned over to the Mississippi Highway Patrol for investigation. It is believed that the car may be stolen. Carver said the two men had been in the area of the drugstore for some time before they were arrested.

Agreement Reached On Shoreline Addition

Barter, president of Hancock County Planning Commission, presented on the Board of Supervisors opinion rendered by the commission's attorney, J. Griffin, contending that Part Unit 8 addition to the filing of the above plat of subdivisions (Shoreline Park Unit 8, addition 4; Unit 7 addition 5), it was specifically found that these plots were not filed for record prior to the adoption of the subdivision regulations and therefore were not legally established and recorded prior to the adoption of the regulations and are not legally entitled to the protection of the "GRANDFATHER" clause.

"Our attorney has prepared a memorandum on the application of the regulations to the above plots and we have adopted this memorandum as our view on the subject and have forwarded herewith a copy of the said memorandum."

A Grants Loan To OLG

Gregory E. Johnson, pastor of Our Lady of the Holy Church, announced that the Small Business Administration has granted a loan to the Parish of \$100,000 to rebuild the Parish Administration building, which was damaged beyond repair by Hurricane Camille.

Applications Sent To Supervisors

The Hancock County Construction Commission reviewed applications for the Board of Supervisors a total of 23 applications made by men interested in employment as inspectors to enforce the Hancock County Building Code. After the Board of the Construction Commission had made recommendations, they were ratified at a general meeting of the Commission and turned over to the Board of Supervisors for final decision.

Russell Elliott, president of the Board of Supervisors, said

all applicants had been asked to give a resume of their qualifications and before any hiring would be done the references would be verified. The Board of Supervisors will consider all applicants on the basis of merit, experience and all-over ability to best handle the various job descriptions including that of plumbing inspector, electrical inspector and building inspector. An executive official will also be appointed.

St. Patrick's Day Parade Will Feature Fun, Frolic

Initial plans for the St. Patrick's Day parade, the St. Patrick's Day dance, the annual fireworks display have all now been approved by the Waveland Civic Association. Approval came at a special meeting which was called by Terry Feeney, President of the Association.

Under the plan, the St. Patrick's Day Parade will be held in Waveland on Saturday afternoon, March 20th and the St. Patrick's Day dance will be held at the same time in the Armory at Waveland, Miss. The St. Patrick's Day Parade will follow the same route as followed by the Krewe of Nereids which held its Carnival Parade on Feb. 14.

Approval of the events, under sponsorship of the Waveland Civic Association, came after Al Bernard, Chairman of the Steering Committee, told the members that a special meeting had been held at the home of President Feeney at which time all aspects of the events were discussed. The special committee heard reports from Sam Blanchard, Chairman of the Entertainment and Recreation Committee; Mel Villere, Chairman of the Parade Committee and Wm. G. Gaudet, Chairman of the Advertising and Public Relations Committee.

Archie Diebold, Secretary of the Association, told the Steering Committee that he had preliminary approval from the Bay High School that its 38-piece band would participate, that the 60 member St. Clare's Precision group would participate, that the Piccola Dancing School with majorettes and one horseman would also join in as well as Cub Pack 212, sponsored by the American Legion, Post #77.

Gaudet told the Committee that Mayor Garfield Ledner of Waveland, had agreed to put up \$400.00 toward an advertising fund and that the Board of Supervisors of Hancock County would put up another \$300.00. In addition merchants would be

asked to participate in the advertising campaign so that sufficient revenues could be realized to sponsor other non-profit civic projects. This would pay for the giant fireworks display and the advertising.

The parade this year again will be a miscellaneous hodgepodge of fun and frolic. The Civic Asso. will have three floats - one for the Colleen (Queen), one for the leprecons and the third Paddy's Pad, for non-walking members.

Initial entries in the parade, according to Bob Warner, parade master, and Archie Diebold, indicate that the plan is again to follow a "catch-as-catch-can" policy. Joe Griffin and J. B. Fleuret, along with "Buddy" Dufour will offer a float entitled "Dirty Irish Linn". Charles Dickson and F. Moreau of the Lill Super, will offer "Good Ole Irish." A. Dahl

from the Rocking D will have horses and riders. David and James Garcia will have minibikes and bicycles and the Shamrockers will have golf carts and trailers.

As was the case last year, the Colleen will be the Junior Waveland Resident with the highest scholastic average at Bay Hl. The Grand Marshal has also been chosen but his name is being withheld. The maids, who will ride in open convertibles, are daughters of members.

All will pass before a reviewing stand which has been erected in front of Town Hall of Waveland on Coleman Avenue. Persons invited to the stand include Mayor Garfield Ledner and his wife, Bay St. Louis Mayor Warren Carver and his wife, the Board of Aldermen of Waveland; the Board of Supervisors; parents of previous Colleen, officer's wives of the Civic Association; Judge Dan Russell and his wife; Father Maloney of St. Clare's Church and members of the press from Hancock and Harrison Counties. Some special judges also will be invited.

Man Obtains Money Under False Pretense

Ralph Lanau, Jr. was reported to members of the City Commission on Monday as a person engaged in the practice of obtaining money under false pretense. Lanau is said to have appealed to several persons for a loan of various amounts of money. In one case he said his small daughter was suffering from a n attack of asthma and he needed funds to get to the Memorial Hospital in Gulfport since he did not wish to use the Hancock General. Lanau said that he was employed by the city as part of the garbage collection crew and would repay the sum.

The Mayor said Lanau was at one time employed for a short while by the city but was not now so employed. It was also stated at the meeting of the commissioners that so far as they were able to ascertain Lanau was not presently married nor did he have a child. The Mayor and Commissioners said Lanau had reportedly gotten money from several persons on a "loan" for various emergencies. Citizens may be helpful in discouraging this type practice by reporting any suspicious person to the police department.

Commissioner Andre Arceneaux said there was an ordinance requiring a peddling license and a \$500 fee for house-to-house canvassing. Any

magazine salesman or other house-to-house canvasser should show a permit, and those not having a City Permit to solicit sales should be reported to authorities, it was said.

Board Will Re-Advertise For Gym Bids

The Hancock County School Board has decided to re-advertise for bids for the construction of gymnasium at Charles B. Murphy School in Pearlington and at Gulfview School in Leakeshire. According to board president, Ed Ortho, the majority of the board felt that the bids received were unacceptable because the prices quoted were too high.

Board members voting for the motion to re-advertise for bids were H. G. "Red" Davis, Tommy Shaw and Ortho. Those voting against were Eric Larsen and Lamar Lee.

Legion Junior Auxiliary Meets

American Legion Junior Auxiliary met Monday afternoon in the home of Mrs. Russell Elliott with Susan Bevenett, president, presiding. Lucinda Kidd and Patsy Pappas presented the colors and Nadine Johns read the Junior prayer in the absence of the chaplain, Patricia Smith.

The president led in the pledge of allegiance with all members standing at attention and respect to the flag of the United States.

The preamble to the Constitution was given by the president for God, Country and all the people, including service

men who have given their lives. Secretary Gladys Green presented minutes of the previous meeting and Mary Carter gave the treasurer's report. The group voted to purchase diapers and formula for needy infants whose mothers cannot get way and to bring candy to the school for exceptional children at Easter.

Plans were made for an Easter egg hunt and party and each member will invite a younger guest.

The next meeting is scheduled for April 5 from 8:30 to 4:30 p.m. at 386 Carroll Avenue.

Miss Cheryl Garcia
Weds Dale Bilbo

MR. AND MRS. DALE BILBO
(Photo by Bob Hubbard)

St. John's Catholic Church, Lakeshore, was the setting February 14 for the wedding of Miss Cheryl Ann Garcia, daughter of Mr. and Mrs. Eldridge Davis Garcia of Lakeshore, to Dale Anthony Bilbo, son of Mr. and Mrs. Mathew Cuevas of Kilm.

Rev. Bernard McDonald, Pearlinton, performed the double ring ceremony before an altar decorated with arrangements of white gladioli and greenery. Given in Marriage by her father, the bride wore a white velvet floor length gown.

Her shoulder length veil of illusion was held by a cluster of silk organza flower petals centered with spray of daisies and she carried a bouquet of white daisies.

Mrs. Herman Lohner, mother of the bride, was dressed in a green velvet floor length dress and carried a cascade of yellow daisies. Herman Lohner served as best man and Riddle Bilbo and Ronnie Fletcher were groomsmen.

Following the ceremony a reception was held at Friendly Inn in Anseley. The bride's veil, overlaid with a lace cloth, was centered with a four-tiered cake decorated with pink sugar daisies and pale green leaves, topped by the traditional

W Garden Club Meeting Changed

Bay-Waveland Garden Club will meet at 2 p.m., Friday, March 5, in the home of Mrs. J. Trowel, 120 St. Charles, in place of Monday, March 8, as originally scheduled.

The date was changed as a number of members plan to attend the 42nd State Convention in Natchez March 8-10. The regular meeting will be held as scheduled at 2 p.m., Sunday, March 11, at the Bon Center.

Mrs. Augustus Elmer will conduct a horticulture contest using as her topic, "Pansy-Summer Beauty." Mrs. John Vignarolo, Jr., sponsor, discusses Environmental Improvement.

SALE
A cake sale for the benefit of the Waveland Women's Softball League will be held Sunday, March 6, at Lynch's Store.

MR. AND MRS. FRANK HARTSELL OF GULFPORT GETS MR. HARTSELL'S NEW '71 CHEVY PICKUP FROM LAMAR-LANE CHEVROLET SALESMAN HERB BARON IN BAY ST. LOUIS, MISS.

Mr. Frank Hartsell says that this is the third vehicle that he has bought from Herb Baron and Lamar-Lane Chevrolet. He wouldn't think of going anywhere else. Lamar-Lane Chevrolet in Bay St. Louis is his dealer and Herb Baron is his salesman. Many of Lamar-Lane Chevrolet's customers are repeat customers because they were treated right on previous deals and also on service by Lamar-Lane Chevrolet's factory trained service personnel. If you're planning on buying a new car or truck in the future, before you buy, shop Lamar-Lane Chevrolet and talk to salesman Herb Baron, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. Jaycees Attend State Meeting
Members of the Bay St. Louis Jaycees attended the Winter Board Meeting and the 1971 Banquet held in Pascagoula this past weekend.
Nicholas Haas represented the Jaycees in the collection of three outstanding Jaycees in Mississippi. The three named were Michael J. McElhenny, Pascagoula; W. Thad Cochran, Jackson; and William Lewis Jr., Oxford.
Those attending from Bay St. Louis were Mr. and Mrs. Nicholas Haas; Mr. and Mrs. Robert Houdin; Mr. and Mrs. Roger Davis; Mr. and Mrs. J. L. Gonzalez; Mr. and Mrs. Jim Necaise; Mr. and Mrs. Teddy Bilbo; Mr. and Mrs. Raymond Thomas; Mr. and Mrs. Frank Yax; Mr. and Mrs. Whitney Thomas; Mr. and Mrs. Bill Breland; Mr. and Mrs. Michael Haas and Mr. and Mrs. R. J. Marengo. Also accompanying the group were Louis Dousgay, Tommy Favre and Albert Bjebl.

CARD OF THANKS
I, Mrs. Henry Gourley wish to thank my so many friends for their kindness shown towards me during the illness and death of my husband. Many thanks for the floral offerings and visits I would send thank you's but cards and guest book have been misplaced. A special thanks to the doctors and staff of Hancock General. Signed: MRS. HENRY GOURLEY

CARD OF THANKS
We wish to thank each and everyone for being so kind during the illness and death of our wife and mother, Mary E. Vontoure.
Special thanks to the public, civic organizations, churches, Head Start and staff, Rev. Charles Giles and Dr. J. D. Rutherford and nurses, also for floral offerings and cards. Your kindness shall never be forgotten.

MR. AND MRS. MICHAEL LADNER (Photo by Bob Hubbard)

Coxwell-Ladner Vows Exchanged

Miss Linda Elizabeth Coxwell, daughter of Mrs. Alice Coxwell and the late Mr. Coxwell of Fort Walton Beach, Fla., became the bride of Michael Joseph Ladner, son of Mr. and Mrs. Alvin Ladner of Bay St. Louis, in a double ring ceremony Sunday afternoon in Our Lady of the Gulf Catholic Church. The groom is the grandson of Mayor of Waveland, Rev. George R. Kitchin performed the ceremony before an altar decorated with arrangements of white and yellow gladioli and stock. Tall baskets of the white and yellow blossoms were on either side.

Mrs. John McKenna, organist, played the traditional wedding marches and a program of nuptial selections during the ceremony; she accompanied Miss Sarah Tompkins who sang "I Love Thee Prior to the ceremony."

Given in marriage by her uncle, Earl Sullivan of Fort Walton Beach, Fla., the bride wore an A-line imported lace gown over a white satin sheath fashioned with high neckline and long sleeves. Her cathedral length veil of illusion fell from a head band of seed pearls and she carried a cascade of yellow and white daisies, white carnations and yellow sweetheart roses interspersed with gypsophila.

Mrs. Sheria Ware of Mobile served as matron of honor. Bridesmaids were Misses Jan Caraway of Ulica, Miss. Patsy Connolly, Tylerstown, Miss. Kathy Breland, Tylerstown and Candy Ladner, sister of the groom, Bay St. Louis. Miss Mary Ann Haas served as flower girl and Kevin Haas, Kila, was ring bearer.

The brides wore pale blue chiffon gowns over satin fashioned on empire lines with high necklines and long puffed sleeves trimmed in lace. They wore blue velvet hair bows and carried round arrangements of yellow and white daisies, carnations and gypsophila.

The matron of honor, attired in a similar gown, carried a Colonial bouquet of white

and yellow daisies and carnations with tips of leather leaf and the flower girl carried a basket of yellow and white daisies. Ronald Lafontaine of Gulfport served the groom as best man and Alvin Ladner, Jr., Bay St. Louis, Danny Ware, Mobile, Al Jacob and Osmond Blazek, Bay St. Louis, were groomsmen. John Williams of Miami, Fla., and Larry Harrison of Mobile ushered.

Following the ceremony a reception was held at Camp Onward.

Arrangements of yellow and white gladioli and stock potted ferns and rubber plants formed a background for the bride's table which was overlaid with a satin cloth edged with ruffles. The three-tiered cake trimmed with spun sugar roses was flanked by branched candelabra entwined with yellow daisies and greenery.

Miss Janet Ford of McComb cut and served the cake. The punch table, flanked by baskets of white and yellow blossoms, was presided over by Miss Anita Howell of McComb and Miss Kathy Perkins of Jackson, Miss., kept the guest register.

The mother of the bride received their guests wearing an ice blue dress with matching coat and accessories.

The mother of the groom chose a light blue bodied tulle dress with a navy blue coat and navy accessories. The mothers wore white orchid corsages.

For her wedding trip to Meridian, the bride wore a pink suit with matching accessories and a white orchid corsage.

After their wedding trip the

Pilgrimage Includes Yacht Club Luncheon

Mrs. John Cook Jr., Bay-Waveland Garden Club Pilgrimage chairman, announced the fourth stop on the Pilgrimage March 17 will be at Bay-Waveland Yacht Club for luncheon at 12:30.

Mrs. Augustus Elmer, overall chairman, will be assisted by Mesdames R. P. Akers, Phillip Hurley, Harold Powell, C. R. Ernst, L. H. Ott and Lolly Nybo. Reservations can be made by calling 467-7019.

The home of Mr. and Mrs. Claude Hogan, 408 South Beach, Waveland, will be the fifth stop on the tour. Mrs. Hogan's hostesses will include Mesdames Victor Leveau, Warren Nolan, Fabian Frombers, William Bozeman and Donald Bos-

The sixth stop will be at the home of Mr. and Mrs. Hunter Kimbrough, 804 North Beach. Hostesses will be Misses Annette Rand, Mandy McHugh, Nell Ducomb and Pignat Griffith. Mesdames Lloyd Griffith, William Kellow, Wayne Ducomb, William Braun, Thomas Rand, Robert McHugh and Allen McCaskill Kimbrough of Tanglewood Plantation, Miss. Mrs. Kimbrough is also a hostess on the Natchez Pilgrimage.

The final stop will be at the Garden Center, 114 Leonard Avenue, where the Junior Auxiliary will serve tea and display art and antiques.

Mrs. John Hill is chairman with Mrs. William Blackman as co-chairman. Mrs. John Hancell is art and antique chairman.

One nice advantage of a Lovin' Phone Call is you don't have to lick the stamp.

Dialing a long distance Lovin' Phone Call direct is faster and easier than writing a letter—plus there's no bitter aftertaste. And even if you've forgotten the number of that certain someone, no problem.

Just dial "1", then the area code (if different from your own), then 555-1212. That connects you with the Directory Assistance Operator in the city you're calling. Just tell her who you'd like to talk with, and she'll give you the number in a jiffy.

And remember, rates are low every night and all weekend long. So why not address yourself to a Lovin' Phone Call tonight? What else that costs so little puts you in touch so fast?

County Building Code Effective March 22

According to Joe. Beaven-
uri, Attorney for the Hancock
County Board of Supervisors,
the newly adopted county build-
ing code will go into effect
on March 22.

In recent weeks the Board
of Supervisors has received
numerous inquiries from vari-
ous insurance agencies who
have asked to see a copy of
the new building code in order
that they may know whether

the building restrictions will
allow continued favorable in-
surance rates. Without the ap-
proved building code restric-
tions insurance rates would in-
crease by 50 per cent, it was
said.

Requirements in the newly
adopted code for Hancock Coun-
ty are very similar to that
which were found acceptable un-
der the Southern Standard
Building Code which was ap-
proved under the Governor's
Emergency Council provisions,
explained Russell E. Eason, pres-
ident of the Board of Super-
vicors.

The Board of Supervisors

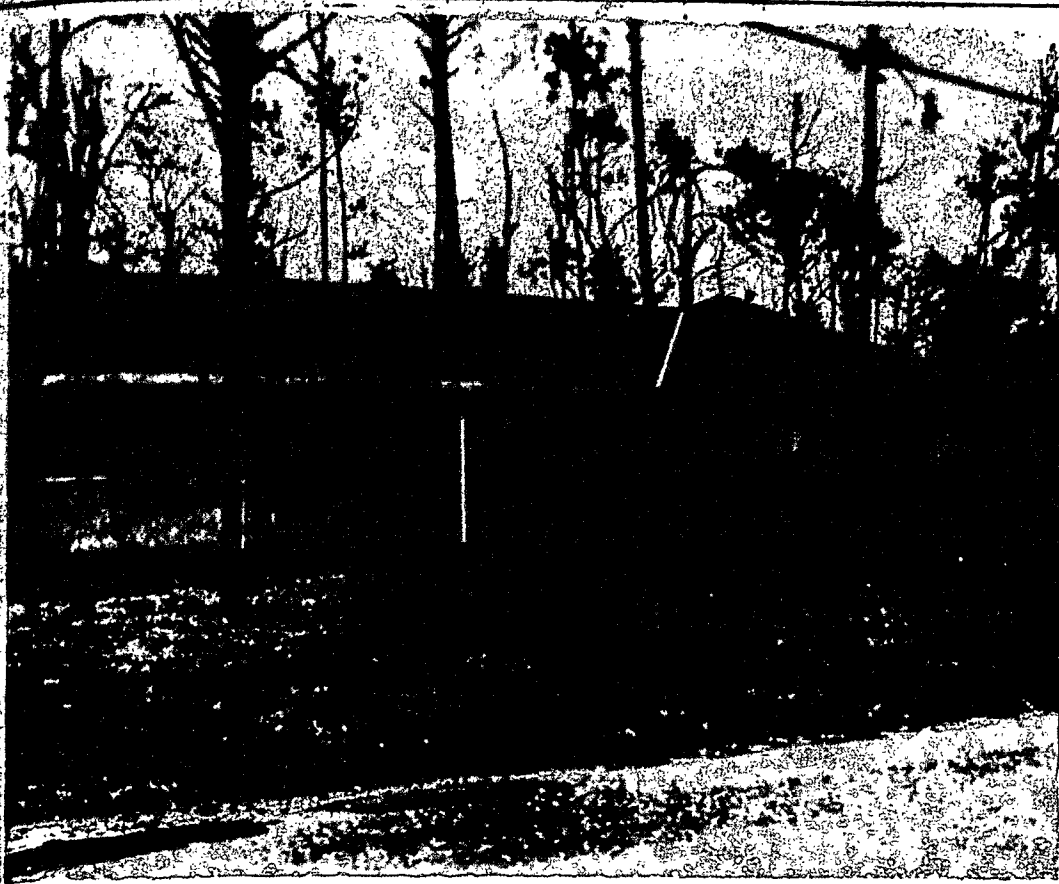

expects to announce appoint-
ment of inspectors to super-
vise plumbing, electrical work
and carpentry under the speci-
fications of the code in the
near future. It was said. Ap-
proximately 25 applications are
now on file.

We Care Fund
Report Given

There is still \$2,139 left
the Bay St. Louis City "We
Care Fund", according to a re-
port made at a meeting of the
Mayor and City Commissioners
Tuesday. "I would like very
much to make a final account-
on this fund", Commis-
sioner Frisbie said. A sum of
\$100 was said to be under
consideration for the Retarded
Children's School. However,
Mayor Carver said they had
turned down on a propo-
sal to make this disbursement
when the request was presented
authorities.

The Retarded Children's
School now lists a loss of equip-
ment valued in excess of a thou-
sand dollars, it was said, and
second attempt will be made
procure "We Care Funds"
replacement of this equip-
ment.

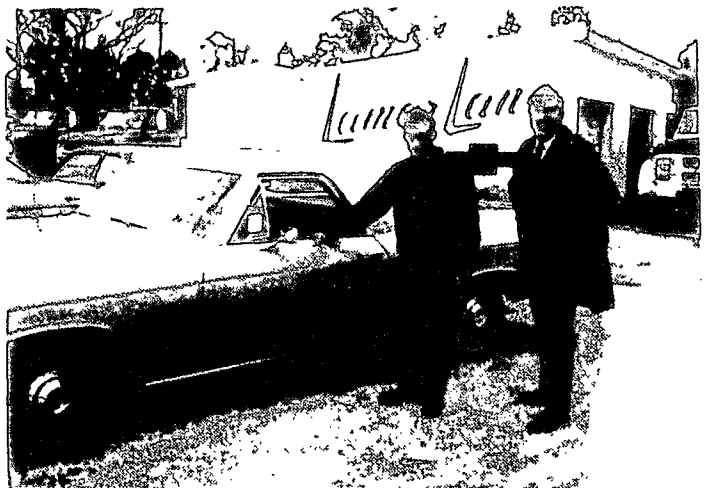

Commissioner Arceneaux
said that whatever surplus funds
are available might well be
used to pay for the installa-
tion of generators on trailers
to be used by the Civil De-
fense Unit. It was explained
this work would require
considerable welding and would
be done on a volunteer
basis. Another suggestion for
use of the funds was to re-

place fire truck hoses and other
needed equipment.

No action was taken pending
a ruling from authorities on the
proposal of funds for the Re-
tarded Children's School.

MR. ROLAND SOLDINIE OF HATTIESBURG, MISS., AC-
CEPTS DELIVERY OF HIS EL CAMINO FROM JOHN GAL-
LAGHER, USED CAR MANAGER AT LAMAR-LANE CHEV-
ROLET IN BAY ST. LOUIS.

Mr. Soldinie formerly of Waveland, who now resides in
Hattiesburg, Miss., makes frequent trips to the coast to visit
his family. Whenever Mr. Soldinie needs another car he
checks with Lamar-Lane Chevrolet and as usual Lamar-
Lane Chevrolet has the car and price that's right. Folks
from all around are finding out about the good deals on
new and used cars and trucks at Lamar-Lane Chevrolet
and that is one of the reasons they sell so many. If you
haven't visited Lamar-Lane Chevrolet and are in the mar-
ket for a car or truck, before you buy, visit them for they
could save you many dollars.
LAMAR-LANE CHEVROLET, INC. MR. RONALD SOLDINIE
(A Garry Lane Enterprise) Adv. Hattiesburg, Miss.

ASSOCIATION MEETINGS

The faculty of the Children's
Center of Special Education is
asking for the cooperation of
all parents and interested per-
sons in attending meetings held
at 7:30 p.m. every fourth Tues-
day of the month at the Center
located in the rear wing of
Valena C. Jones School.

Board To Rent
Parking Lot

To alleviate the crowded
congested parking condi-
tions existing in the vicinity
Hancock County Court House,
Board of Supervisors voted
unanimously to rent a parking
lot from Edmond Fahey for the
sum of \$125.00 per month. The
lot is in close proximity to the
Court House, is said to be 100 ft.
x 85 feet deep and in need
of some minor fill-work prior
to being in use. Members of
Board of Supervisors expect
to have the area in readiness
in near future.
Trailers are being removed
from the Court House front and
lawns, repair work is pro-
ceeding on the interior of the
Court House and when parking
space is made available those
using the Court House will
be expected to observe
parking regulations. Plans
also in the office for a recon-
struction of the Court House
area.

Shoreline...
Continued from Page 1A)

protective masonry and
potable water, a cen-
sewerage system and oc-
cupied streets within sub-
divisions. Shoreline Park is
to be of such low eleva-
tion that septic tanks are not
necessary and the seepage
septic tanks would cause
pollution in the streams and
lakes.

Shoreline Park Sub-
division contains the area is
removed from the river
any pollution. Wayne
County Sanitary In-
spector said: "There will be
no septic tanks in
Shoreline Park Sub-
division and none have been
there for years."

Greater Gulf Coast Housing Development Corp. Is Formed

Business and professional leaders from a six-county area including the Mississippi Coast have formed a non-profit corporation to put into effect a major housing and development program.

The Greater Gulf Coast Housing Development Corporation, the new organization, was created with a nine-member board of directors who are business, professional and community leaders of the coastal area. The members include: Dr. Gilbert Mason, elected president; Daniel Guice, elected vice president; and Harvey Ross, elected secretary.

The members are going to change the housing situation that many people in the area have of the Gulf Coast. "To do this, we encourage industry to come into the state to provide employment, but first we must provide housing as fast as possible," said Mr. Mason.

Thousands of families in Mississippi do not now have adequate place in which to live. They are going to do all in their power to provide quality housing and job opportunities for people in the area.

of development which his organization is seeking. "We cannot afford to plan, study, replan and restudy this matter," Mayor Guice said. "Instead, we must attack and produce housing quickly. We have abundant human resources. Our need is immediate -- our program is ready to go."

Mayor Guice stated that the non-profit corporation intended to utilize to capacity local builders and contractors. Other members of the GGCHDC board of directors are Dr. Gilbert Mason of Biloxi; businessman Harvey Ross of Gulfport; H. C. Travillion; businessman of Pacesville; Laz Quave, President of the Harrison County Board of Supervisors; Leo Seal, banker

and industrialist who also serves as Secretary - Treasurer of the organization; Edward Khayat, President of the Jackson County Board of Supervisors; and Claude Passeau, Sheriff of George County.

The GGCHDC will request immediate planning proposals for the development of existing areas, as well as new communities. "We are not going to be closed-minded about this,"

nor are we going to narrow the field of proposals," said Mr. Caron. "We are going to keep our views open. Our goal is to create high quality housing in the shortest time possible."

Senator James O. Eastland (D-Miss.) said: "We encourage this type of action group with the real capacity to act in obtaining quality housing quickly for the people of Mississippi."

Hancock County Fair Date Set

The Second Annual Hancock County Fair and Livestock Show will be staged Oct. 4th to 24th, 1971.

The date announcement was made earlier this week by Louis Breau, vice president of the fair association, who chaired the group's first session of 1971 on Monday in the Annunciation School cafeteria, Kiln.

Other than date declaration, main purpose of the meeting was to elect committee chairman for this year's event.

Nominated and elected to serve were: Clarence Lee, program advertising; Patrick Murphy, commercial and industrial; Mrs. Jeannie Garcia, livestock auction; Joseph Cuevas, building and grounds; Neville R. Jacob, public relations; Mrs. Betty Younger Haas, horseshow and rodeo.

Also named to serve on the horseshow committee were: Burns Loder, Earl Courroge, Chest Cuevas, Kermit Loder, and Nathan Nolen.

John Smith, county agent, was elected chairman of the nominating committee to present a current year slate of officers. Presently serving are: Rubie Griffin, president; Broaux, James Gunn, secretary-treasurer; Dixie Parker, recording secretary.

Selected to serve with Smith were John Bordages, James Rester, Pat Murphy and Mrs. Eida Duh.

Next session of the association has been set for March 22 in Annunciation School. Fair and Livestock Assn. information can be obtained from the county agent's office in the Agricultural Building, Bay St. Louis or by phone from John Smith at 467-4831.

No wonder Plymouth Duster is enjoying even more success than last year

OUR PRICE
TAX \$295.00
TITLE FEE 68.85
TOTAL COST \$2366.35

Record sales mean record resale value. People are going for Duster in record numbers. Sales are up 58% for first quarter-'71 model year. And if you think you're loading the dice, last year they were 101% ahead of comparable sales the year before. Which is a big reason why Plymouth's small cars are leaders in their field in resale value.

The word's gotten around about our Duster. Since we introduced it last year, sales have gone nowhere but up. And no wonder! Because Duster not only gives you more size, more space, more power, more weight, bigger tires, brakes and trunk than all the mini cars... it also makes a gallon of gas go a long way. And at our low price, the monthly payments are right down there with the small ones. Now add a new feature for '71, a resale value that just won't quit, and you've got all the reasons why Duster's going great. Come through the right place, our place, today. See why Duster's so successful. You just might have a little success yourself.

Wooden Cross Has Interesting History

On April 18 when a new Christ Episcopal church and parish hall officially are dedicated to replace the structures which were totally destroyed by Hurricane Camille the new edifices will have on the wall a small, simple highly polished wooden cross with this inscription: From the Sunday School Children of the Diocese of British Honduras to the Sunday School Children of Christ Episcopal Church — Class of 1970-71.

The story behind this goes back to the summer of 1970 when William G. Gaudet, former editor and publisher of Latin American Report magazine, received a letter from B. N. Y. Vaughan, the Bishop of the Anglican Diocese of British Honduras, asking for his help in raising funds for the church in his country, which is located about 800 miles due south of New Orleans.

The year before, Gaudet, then a member of Christ Church Cathedral in New Orleans, was able, through the women of the cathedral in raising funds for a new electric typewriter and other equipment and obtaining cash to assist the Bishop in

renovating the furniture in his home for the coming of the Archbishop of Canterbury, the first such visit ever made to British Honduras by an Archbishop.

Christ Episcopal Church in Bay St. Louis, however, is far different from the Cathedral in New Orleans. In Bay St. Louis the church was struggling to overcome the tremendous damages of Camille and was in no position to help British Honduras, even though the cause was truly needy.

When Sunday School started, Gaudet and his wife, who teach the 7th and 8th grades, proposed to School Superintendent Al Carlson that some collections made in the Sunday School be donated to British Honduras. It was presented and the children approved the proposal and, in turn, asked if the children of British Honduras could have a small wooden cross made for them. Bishop Vaughan replied in the affirmative and the cross has now been received.

Later, teen agers of the church had a project of their own and the proceeds were sent to British Honduras.

LADIES CIRCLE

Lutheran Church of the Pines Ladies Circle met Wednesday morning at the Church with Mrs. James Cousins as hostess.

Guest speaker at the 7:30 p.m. service was Rev. John Goerss of St. John's Lutheran Church, Hattiesburg.

Religion Programs Will Be Evaluated

The religious education program of Our Lady of the Gulf and St. Rose Parishes will be evaluated in the Spring, Sister Cynthia, coordinator of the program announced recently. Until recently, evaluating a religious program objectively was an almost impossible task. The National Catholic Educational Association, in the fall of 1970, made available an instrument of evaluation prepared by a team of experts who met for a week last spring and drew up the survey, an 11-page booklet called CRITERIA FOR THE EVALUATION OF RELIGIOUS EDUCATION PROGRAMS.

The evaluation will be carried out in four stages:

1. In the first stage, a group of teachers fill out the form privately, indicating their judgement of the total religious education program of the school.

2. In the second stage, this same group meets to compare their individual judgements, and to reach a consensus on the evaluation.

3. In the third stage, the chairman of the group compiles this information and fills out a form for the entire program.

4. In the final stage, the faculty makes recommendations.

MR. ROBERT H. BOSTIC OF LONG BEACH, MISS. TAKES DELIVERY OF HIS '71 CAPRICE COUPE FROM SALESMAN HERB BARON AT LAMAR-LANE CHEVROLET IN BAY ST. LOUIS, MISS.

Mr. Robert Bostic of Long Beach was in the market for a new car. Since he had read, saw and heard so much about Lamar-Lane Chevrolet in Bay St. Louis, he went over just to look around. Salesman Herb Baron made such a good offer to Mr. Bostic that he bought the Caprice Coupe and is very well satisfied. Folks every day are finding out about the good deals offered by Lamar-Lane Chevrolet on new cars and trucks, which is one of the many reasons they sell so many Chevys. If you're thinking about buying a new car or truck, visit Lamar-Lane Chevrolet and talk to salesman Herb Baron, he could save you many dollars.

The Kiln

by Claire Mitchell
Phone 467-7829

Mr. and Mrs. Larry Peterson of Kiln announce the birth of their first child, a son, **David Chandler**, on January 28 at Crosby Memorial Hospital in Piquette. Mrs. Peterson is the former Pat Holden. Maternal grandparents are Mr. and Mrs. Crosby Holden. Paternal grandparents are Mr. Ellen Peterson and the late Lovander Peterson all of Kiln.

Mr. Tolmidge Rayborn, director of the Chamber of Commerce was guest speaker at the February meeting of the Annunciation PTA. Mr. Rayborn spoke on a variety of subjects, all pointing to the necessity of a good education for our children. The next meeting will be held on March 17th.

Annunciation School boys and girls finished out their basketball season last weekend in the Pearl River Central tournament. Annunciation girls were defeated by Pearlington, and the boys were defeated by Hancock North Central.

Mr. and Mrs. Jim Johnson, nee Margie Garriga, of St. Louis, Missouri, were recent guests of Mr. and Mrs. Peck Maffray and also Mr. and Mrs. Louis Hesch of Gulfport.

Mr. Frank C. Breeze celebrated his 97th birthday on February 18th. He celebrated the occasion in the home of Mr. and Mrs. Clyde Head of Bayou Cocca. A few close friends dropped in during the day. Mr. Breeze formerly lived in Bayou Cocca, but now makes his home with Mr. and Mrs. Larry Peterson in Kiln Acres.

Mr. and Mrs. Joe Vernon Haas have recently moved into their new home on Bayou Talla.

Hancock North Central's Big Hawk Band well represented Hancock North Central School in several Mardi Gras parades. They marched in the Waveland and Pearl Christmas parades, and four parades in the Mobile, Alabama, parades. They were ruined out of two parades in Mobile. They are certainly one of the prides of Hancock North Central School.

Mr. and Mrs. Hazy Curet and children have moved to Kiln. They have been residents of New Orleans for a number of years.

Those attending the CYO convention in Jackson last week from Annunciation Parish were Peggy Haas, Pam Maffray, Arlene Haas, Cindy Mitchell, Rhonda Haas, Lela Ray Knight, Charlene Broussard, Goriand Cusvas, Anthony and Johnny Nacade, Kevin Cusvas and Elbert Cusvas. Chaperones were Sister Joan Lorraine, John Christopfer, Father Maurice Flood and Mr. and Mrs. Herbert Ray Knight.

The February meeting of the Kiln Home Demonstration Club was held at the home of Mrs. Sam Haas Jr. Mrs. Haas, president, presided at the meeting. Coffee and cake were served. The next meeting will be held at the home of Mrs. Robert Lyons.

Garden Tips

Bay-Waveland Garden Club is cooperating in the Bay St. Louis and Waveland cleanup campaign.

Mrs. Herbert Baron of Bay-Waveland Garden Club suggests that all residents spruce up their premises and plant trees, shrubbery and roses at this time. Gladoli and dahlias bulbs should be planted now for late bloomers. Mrs. Baron added.

Brock Sauter, son of Mr. and Mrs. Bernie Ray Sauter is spending a few days in Pass Christian with his grandparents Mr. and Mrs. James Nelson.

Mr. and Mrs. Bob Hester and Mrs. Mary Nelson all of Pass Christian were guests Sunday in the home of Mr. and Mrs. Bernie Ray Sauter.

There will be an Amway Party Saturday night March 6 at 7 p.m. at the home of Mr. and Mrs. Bernie Ray Sauter. Anyone who wants to attend is invited.

Mrs. Elveta Lavinghouse was a guest last week in Pico-yune in the home of her niece Mrs. Lucella Alsbrook.

Mrs. Velma Smith from Gulfport was a guest Saturday and Sunday night in the home of her sister and brother-in-law, Mr. and Mrs. Pan Ladner of the Standard Community. Mrs. Velma Smith was also a guest in Necaise Crossing Sunday in her brother and sister-in-law's home Mr. and Mrs. Willard Paige of Necaise Crossing.

Lacy Moran was guest Sunday in Lizana Community visiting his sister, Mrs. Rose Northern, friends and relatives.

Mrs. Lidia Sauter was a guest Saturday in Pico-yune visiting her mother, Mrs. Julia Davis and friends.

Mr. and Mrs. Frank Kowaski from Pass Christian were guests Sunday in the home of Mr. and Mrs. Bernie Ray Sauter.

Children Enjoy Marionette Show

Among shrieks of laughter and shouts of glee the remarkable Mr. Puss In Boots came to life last Wednesday afternoon in Bay St. Louis.

The Bay Waveland Junior Auxiliary brought the touring Nicol Marionettes from New York to entertain over 1,000 children in this area.

The Remarkable Mr. Puss In Boots is a musical adventure story full of fun and fancy told by a large cast of singing and dancing marionettes. There were beautiful settings, lively songs and even an invisible castle to "see".

After the show the performers held a question and answer period with their young audience explaining the history and art of Puppets.

Teachers Attend Drug Program

Doctor James I. Parkman from Jackson, Mississippi, presented a Drug Abuse Education Program for the Bay St. Louis and Waveland teachers on Tuesday, February 16, 1971, at the Bay Senior High School Library.

Doctor Parkman is Supervisor of Alcohol and Narcotics Education for the Division of Instruction, State Department of Education.

This was the third in a series of Drug Abuse Education Programs sponsored by the Bay-Waveland Junior Auxiliary and designed to educate and inform students, parents, teachers—everyone—about drugs and the problems these drugs cause.

Basketball Stars Perform Tonight In Tigerdome

Great basketball is in store for Bay Junior High's 6th grade intramural basketball tournament. The first game will be between the St. Stanislaus and the St. Ignace teams. In Bay Junior High's gym.

This is the second annual game between the two friendly clubs, the first being won by the St. Stanislaus team 72-68.

Opening the evening's action at 7:15 p.m. will be a battle between Audrey's Hurricanes of Pass Christian, one of the best girl independent teams in the state, and a girl team from Bogalusa, La. Last year the Pass Christian girls advanced to the finals in the state playoffs and their record this year is equally impressive.

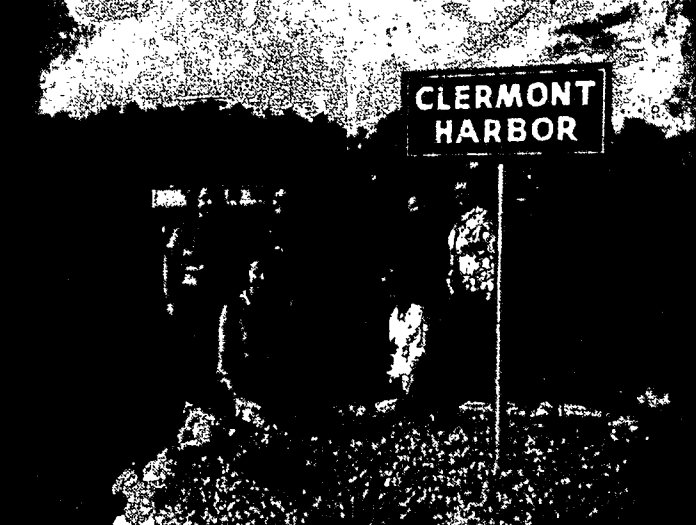

In the nightcap, coaches Larry Payne, Tommy Godwin and Bob Cuccaro of the St. Ignace team will be fighting to retain the trophy they have held since last year. St. Ignace club stars in the first game were Barry Jones, Bob Cuccaro, Larry Payne and Donald Strong. For the Boosters it was J. E. Lotancano, Pete Peterson and James Ginn. Gate receipts are earmarked for the athletic programs at

both schools. Admission is \$1 for adults and 50 cents for students. Gilbert, Caylak is president of the St. Ignace and James Ginn leads the Boosters.

ANNOUNCING
THE OPENING OF
Lana's Beauty Shop
164 FELICITY ST.
OPEN MONDAY THROUGH FRIDAY
9 A.M. TO 5:30 P.M.

GIRLS' DIVISION WINNERS of Bay Junior High's 6th grade intramural basketball tournament are from left, standing, Denise Adam, Margo McFarland, Pam Magee, Belinda Hill, Diane Edwards, Pam Duval, Sandy Boudreaux and coach Pam Lotancano. Kneeling are cheerleaders Ember Ferrell, Lynn Burrow, Michele Mastic, Joye Buquet and Denise Currie. (Photo by Bay High Photo Club)

LACING ONE of six "markers" and rock gardens in the Clermont Harbor, Lakeshore area are members and helpers of the Lakeshore Garden Club. Front row, left to right, Mrs. J. Servat, Club President; E. Jacques, one of the men helping with the project; Mrs. Frank Corcoran; Back row, left to right, Mrs. H. Duke; Mrs. M. James; Miss Thelma Evay and Mrs. Vivian Moffett. Shown in the foreground Christopher Thomas, another helper.

Episcopal Tennis Schedule

Episcopal High School's first full tennis season today at 3 p.m. with a game against St. Martin's. Coach Lambert Boyd announced Sunday.

Balance of the schedule is as follows: March 11, 3 p.m., at Long Beach, here; March 13, 3 p.m., at Pass Christian, here; March 24, 3:30 p.m., at High, here; March 25, 3:30 p.m., at Biloxi High, here; April 13, 3:30 p.m., at Bay High, here.

Boyd said he is also trying to schedule two matches with St. Andrews of Jackson during April.

Boykin Is Old

Donald W. Boykin of Wave-land was among 356 University of Mississippi students awarded diplomas at the end of the fall semester.

Among the graduates were 98 recipients of advanced degrees, including 15 doctoral degrees, 55 masters' and 28 juris doctor degrees. He received a Bachelor of Business Administration in banking and finance.

KANTCHA KETCHUM

By L.S. (Doc) Elliott

Weather still doesn't seem to be off. Cold in the night and during the day. Again the cold has affected the fishing. The weather is making most of the fishing on the muddy side. According to reports Pearl River fishing is beginning to rise. It is hoped that way should be the way soon, keeping the weather for some time yet. The weather will probably be the same as there is no more rain for a while. Fishing was fine on the muddy side. A few speckle trout won't come out of the river and other streams as long as the water stays fresh. High tides should bring in salt water and the low tide will carry off the bad water. Bass were caught most everywhere where good water could be found up until the past week end.

A few frogs have been seen lately. It won't be too long before frogging will start. Remember there is a closed season on frogging in Louisiana in March and April. There is no closed season in Mississippi. In La. frogs can only be taken with hand grabs or the bare hands, no gigging.

March opens the soft crabbing and floundering season. This sport will start soon. Better get the old lights ready. It's a lot of fun and furnishes delicious food for the whole family. Such sports as Henry Long, Mr. and Mrs. John Dambino, John Genin, Teddo Thomas, Doc Elliott will probably be the first to get their feet wet. They are old timers at this sport. They will be joined by many others when conditions get right. A soft crab sandwich costs around \$1.35. The soft crabs can be gotten by just picking them up. Try getting them. It's fun.

Monday marked the opening of the oyster reefs to tonging at Pass Christian. The harvest will be used primarily for canning purposes said Chief Inspector Jimmy Williams. "It looks like there are a lot of oysters out there," he said. "I expect that tonging laws will be strictly enforced in order to protect the smaller oysters for the next season."

Gene Mitchell reported catching 67 speckle trout in the Pipe Line Canal recently. Gene is a good fisherman and will catch fish if they are available.

Mal Villere, David Garcia and W.C. Lawton love catching opecheads along the R.R. and Highway bridges. They have been at it a long time. Fiddlers are their favorite bait.

Have heard of a lot of ways to fish for opecheads, but this one takes the cake. One fisherman was using fiddlers for bait. He conceived the idea of lowering a gallon bottle containing live fiddlers to the bottom and putting his bait right alongside of it. The live fiddlers attracted the fish he claimed. What will they think of next?

Mace Guldrez, one of our

big they are even if they get away.

One never gets too old. Read where Mrs. Elizabeth Whalla bowls at least in two leagues a week. Her highest average is 113. Her age is 94. Speaking from experience, I fish about 4 times a week and I am 76.

Funeral services were held Saturday for Clayton Road of Gulfport. Clayton was a personal friend and a noted bass-quet speaker. In his lifetime he owned five newspapers. He was owner of "The Guide" at death. Sympathy is extended to the family.

The Spring Explorer Program Planning Conference will be held on Saturday and Sunday March 27 and 28 at the Naval Construction Battalion Center at Gulfport.

The Sea Bee base will provide meals and over night accommodations. The program will include a trip in an Amphibian Tractor. All officers of the Sea Scout Ship at Waveland are invited to attend. Joe Griffith of Waveland is skipper of the Explorer Post.

Andy Anderson will be enjoying his camp in Shore Line Park soon. Andy loves fishing, his friends and cooking is his specialty.

Harry Roman and Louis Dacell have finished hunting for a while. Fishing is next on their schedule. Do all kind of fishing and get some good results. Louis is nursing a sprained ankle right now.

Getting around time to catch

MR. CLEVELAND LADNER AND TWO OF HIS GRANDSONS ACCEPT DELIVERY OF MR. LADNER'S CAR FROM LAMAR-LANE CHEVROLET SALESMAN FRITZ PERANICH IN BAY ST. LOUIS, MISS.

Mr. Cleveland Ladner has been buying new cars and trucks from veteran salesman Fritz Peranich since 1922 (yes 1922). Mr. Ladner was in need of another car so he visited his long time friend Fritz Peranich at Lamar-Lane Chevrolet in Bay St. Louis. As he has always, Fritz Peranich gave Mr. Ladner another Lamar-Lane price that was a very good deal. Mr. Ladner knows also that Lamar-Lane Chevrolet has a very good service department, if the need ever arises and that all of their service personnel are factory trained and experts in their fields. If you plan on buying a new car or truck, visit Lamar-Lane Chevrolet and talk to salesman Fritz Peranich, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. (A Gerry Lane Enterprise) MR. CLEVELAND D LADNER ADV.

Blue-Gold Game Set for Tuesday

Bay High football fans will get a chance to evaluate this year's squad when the Blues and Golds square off for the annual Spring game at 7 p.m. Tuesday in Tiger Stadium.

Head master J. E. Lotacano and assistant coach Willie Bradley have been working the young men daily for almost a month and while there are lots of loose ends, the kids look fit and Tuesday's game should be a corbor.

Fifty men were out for this year's team, including Fred Bilbo, a promising sophomore quarterback. Returning letter-men are Mike Lymusi, split end; Wes McFarland, tight end; Mike Peterson, fullback; Thomas Hawkins, linbacker; Jeff Dehorgary, center; Ben Ferrell, defensive back; Eric Lymusi, halfback; Fabian Collins, wing back; Gary Biales, quarterback; Alvin Lafontaine and Ronald James, linbackers; Donnie Taylor and Alex Jordan, guards; Woody Lafontaine, Larry Bus-

settling. It's cheaper too. No fly rod or bait to buy. You can catch your own live baits, earth worms, crickets, grasshoppers, crayfish, tadpoles, small frogs and minnows. They are swell baits for perch and trout. Anyway you do it, it's fishing.

SPORTSMAN OF THE WEEK

Low Mond is another of our local fishermen. Low has caught his share of fish and also did quite a bit of hunting. He is one of Mond's brothers.

Car fish. Car fish are classed as the lovely fish but they are real good when it comes to eating. A trout line is easy to make and set out. Cut a large cut in small creels, try crisp. There is no better eating if you like fish.

Spring time is fishing time and it's not far off. The majority of fishermen now-a-days do mostly fly rod fishing and casting. But the old way of catching fish on a perch pole and walking down the bank of a stream is still fascinating and

Reportedly a petition to be-
ing circulated asking that voters
within the county by special
election be allowed to vote for
or against the adoption of a
building code. Apparently many
signers of the petition were not
aware that such a vote would
cost the county a great deal of
money. Neither were many peti-
tion signers aware of the fact
that should a building code adop-
tion be turned down at this time
there could not be another code
up for adoption for a period of
two years. Without an adopted
and enforced building code in-
surance rates would increase 50
percent, it was explained.

The Hancock Electrical Association unanimously agreed on a campaign to enlighten the residents and businessmen of Hancock County on the provisions of the proposed regulations of the building industry. The campaign is primarily designed to correct some erroneous statements being circulated. Quoting from the campaign plan:

1st. The proposed regulations are designed to assure safe construction. Not to deny anyone the right of using his skills in the right manner.

2nd. Estimates of the cost of regulatory fees which are being circulated are greatly exaggerated. Fees on new construction will be approximately one per cent of the total cost. When compared to the savings in insurance premiums by the creation of a regulatory body, this is a small amount and the first years savings will more than offset the fee.

3rd. This is not a scheme designed by and for the municipalities as has been stated. The entire operation and control of the regulatory body will be by the governing authority of the unincorporated area of the county.

4th. As the population increases, as it surely will, regulation of sanitation and safety features of building construction must be set up and enforced. This is not designed to hurt the present or future resident or businessman in the county, but to protect the owners of correctly constructed buildings from danger created adjacent to them.

5th. One of the first matters considered by an industrial plant seeking a location for a plant is that of safety regulations both in operation of that facility and the safe construction of the plant and its neighbors.

6th. Lower insurance premiums in areas which have regulation of building construction reflect the high regard these companies have for such controls. This is a matter of record, and anyone interested can verify this.

Pascal Bailey, Jr., who serves as President of the Hancock Electrical Association, should be contacted by anyone interested in obtaining a speaker to appear before any civic group to explain the functions and benefits of regulations of the Building Industry.

is the exhibit by Mark Craig, a local horticulturist, at the "Plant Growth" Science Fair was sponsored by the Clyde Craig of Bay St. (Photo by Ed Payard)

ains ons

Reportedly a petition to be circulating asking that voters within the county by special election be allowed to vote for or against the adoption of a building code. Apparently many signers of the petition were not aware that such a vote would cost the county a great deal of money. Neither were many petition signers aware of the fact that should a building code adoption be turned down at this time there could not be another code up for adoption for a period of two years. Without an adopted and enforced building code insurance rates would increase 50 percent, it was explained.

The Hancock Electrical Association unanimously agreed on a campaign to enlighten the residents and businessmen of Hancock County on the provisions of the proposed regulations of the building industry. The campaign is primarily designed to correct some erroneous statements being circulated. Quoting from the campaign plan:

1st. The proposed regulations are designed to assure safe construction. Not to deny anyone the right of using his skills in the right manner.

2nd. Estimates of the cost of regulatory fees which are being circulated are greatly exaggerated. Fees on new construction will be approximately one per cent of the total cost. When compared to the savings in insurance premiums by the creation of a regulatory body, this is a small amount and the first years savings will more than offset the fee.

3rd. This is not a scheme designed by and for the municipalities as has been stated. The entire operation and control of the regulatory body will be by the governing authority of the unincorporated area of the county.

4th. As the population increases, as it surely will, regulation of sanitation and safety features of building construction must be set up and enforced. This is not designed to hurt the present or future resident or businessman in the county, but to protect the owners of correctly constructed buildings from danger created adjacent to them.

5th. One of the first matters considered by an industry seeking a location for a plant is that of safety regulations, both in operation of that facility and the safe construction of the plant and its neighbors.

6th. Lower insurance premiums in areas which have regulation of building construction reflect the high regard of these companies for such controls. This is a matter of record, and anyone interested can verify this.

Pascal Bailey, Jr., who serves as President of the Hancock Electrical Association, should be contacted by anyone interested in obtaining a speaker to appear before any civic group to explain the functions and benefits of regulations of the Building Industry.

ACTION BY THE SEA **KANTCHA** **KETCHI** By L. S. (Doc) R

The weather still doesn't seem to be settling down. Cold in the morning and night, warm during the afternoon. Again the winds have collected the streams making most of them on the muddy side. According to reports Pearl River is beginning to rise. The water up that way should be ready for some time yet. Local streams will probably be dry if there is no more rain for a while. Fighting was in progress but will have a pet speckle trout won't come from Jordan River and other streams as long as the water stays fresh. High tides should bring in salt water and the low tide will carry off the bad water. Bams were caught most everywhere where good water could be found up until the past week end.

A few frogs have been seen lately. It won't be too long before frogging will start. Remember there is a closed season on frogging in Louisiana in March and April. There is no closed season in Mississippi. In La. frogs can only be taken with hand grabs or the bare hands, no giggering.

March opens the soft crabbing and floundering season. This sport will start soon. Better get the old lights ready. It's a lot of fun and furnishes delicious food for the whole family. Such sports as Henry Lang, Mr. and Mrs. John Dambrino, John Genin, Teddo Thomas, Dec Elliott will probably be the first to get their feet wet. They are old timers at this sport. They will be joined by many others when conditions get right. A soft crab sandwich costs around \$1.35. The soft crabs can be gotten by just picking them up. Try getting them. It's fun.

Monday marked the opening of the oyster reefs to tonging at Pass Christian. The harvest will be used primarily for canning purposes said Chief Inspector Jimmy Williams. "It looks like there are a lot of oysters out there," he said. He added that tonging laws will be strictly enforced in order to protect the smaller oysters for the new season.

Gene Mitchell reported catching 67 speckle trout in the Pipe Line Canal recently. Gene is a good fisherman and will catch fish if they are available.

Mel Villere, David Garcia and W.C. Lawton love catching Chesapeake along the R.R. and Highway bridges. They have been at it a long time. Fiddlers are their favorite bait.

Have heard of a lot of ways to fish for Chesapeake, but this one takes the cake. One fisherman was using fiddlers for bait. He conceived the idea of lowering a gallon bottle containing live fiddlers to the bottom and putting his bait right alongside of it. The live fiddlers attracted the fish he claimed. What will they think of next?

FROM THE SEA KANTCHA KETCHU

By L.S. (Doc) B

Weather still doesn't seem to be settling down. Cold in the morning and at night, warm during the day. Again the rain of Friday have affected streams making most of them on the muddy side. According to reports Pearl River is beginning to rise. This week up that way should be the way soon, keeping the water muddy for some time yet. Local streams will probably stay muddy if there is no more rain for a while. Fishing was improving but will have a set back. Speckle trout won't come down Jordan River and other streams as long as the water stays fresh. High tides should bring in salt water and the low tide will carry off the bad water. Bona were caught most everywhere where good water could be found up until the past week end.

A few frogs have been seen lately. It won't be too long before frogging will start. Remember there is a closed season on frogging in Louisiana in March and April. There is no closed season in Mississippi. In La. frogs can only be taken with hand grabs or the bare hands, no gigging.

March opens the soft crabbing and floundering season. This sport will start soon. Better get the old lights ready. It's a lot of fun and furnishes delicious food for the whole family. Such sports as Henry Lang, Mr. and Mrs. John Dambrino, John Genin, Teddo Thomas, Dec Elliott will probably be the first to get their feet wet. They are old timers at this sport. They will be joined by many others when conditions get right. A soft crab sandwich costs around \$1.35. The soft crabs can be gotten by just picking them up. Try getting them. It's fun.

Monday marked the opening of the oyster reefs to tonging at Pass Christian. The harvest will be used primarily for canning purposes and Chief Inspector Jimmy Williams. "It looks like there are a lot of oysters out there," he said. He added that tonging laws will be strictly enforced in order to protect the smaller oysters for the next season.

Gene Mitchell reported catching 67 speckle trout in the Pipe Line Canal recently. Gene is a good fisherman and will catch fish if they are available.

Mal Villere, David Garcia and W.C. Lavoon love catching sheepshead along the R.R. and Highway bridges. They have been at it a long time. Fiddlers are their favorite bait.

Have heard of a lot of ways to fish for sheepshead, but this one takes the cake. One fisherman was using fiddlers for bait. He conceived the idea of lowering a gallon bottle containing live fiddlers to the bottom and putting his bait right alongside of it. The live fiddlers attracted the fish he claimed. What will they think of now?

Macie Guldrow, one of our
